Most disturbing is that it appears that summer learning loss is cumulative and that, over time, these periods of differential learning rates between low-income and higher-income students contribute substantially to the achievement gap in reading.

OH SHIT!: vol. 2

They receive from the Saviour his testament of fraternal love which must inspire their whole lives, and they begin to watch with him, in order to be united with him in his Passion. In film studies the notion of cinematic counter practice has been theorised by Peter Wollen see Wollen in his outline of a binary classification which distinguishes modernist filmmaking from classical Hollywood narration.
